

THE MAGIC OF WATER

COPYRIGHT E. BALAGUER

THE SKY DARKENS.. A HEAVY STORM APPROACHES. LIGHTENING AND A FRIGHTENING THUNDER

SOON IT STARTS RAINING, VERY HEAVILY. THE SKY GIVES LOTS OF WATER

FRESH WATER FLOWS AGAIN!
TREES AND PLANTS ARE HAPPY WITH THE WATER

...PEOPLE ARE HAPPY
WITH THE WATER

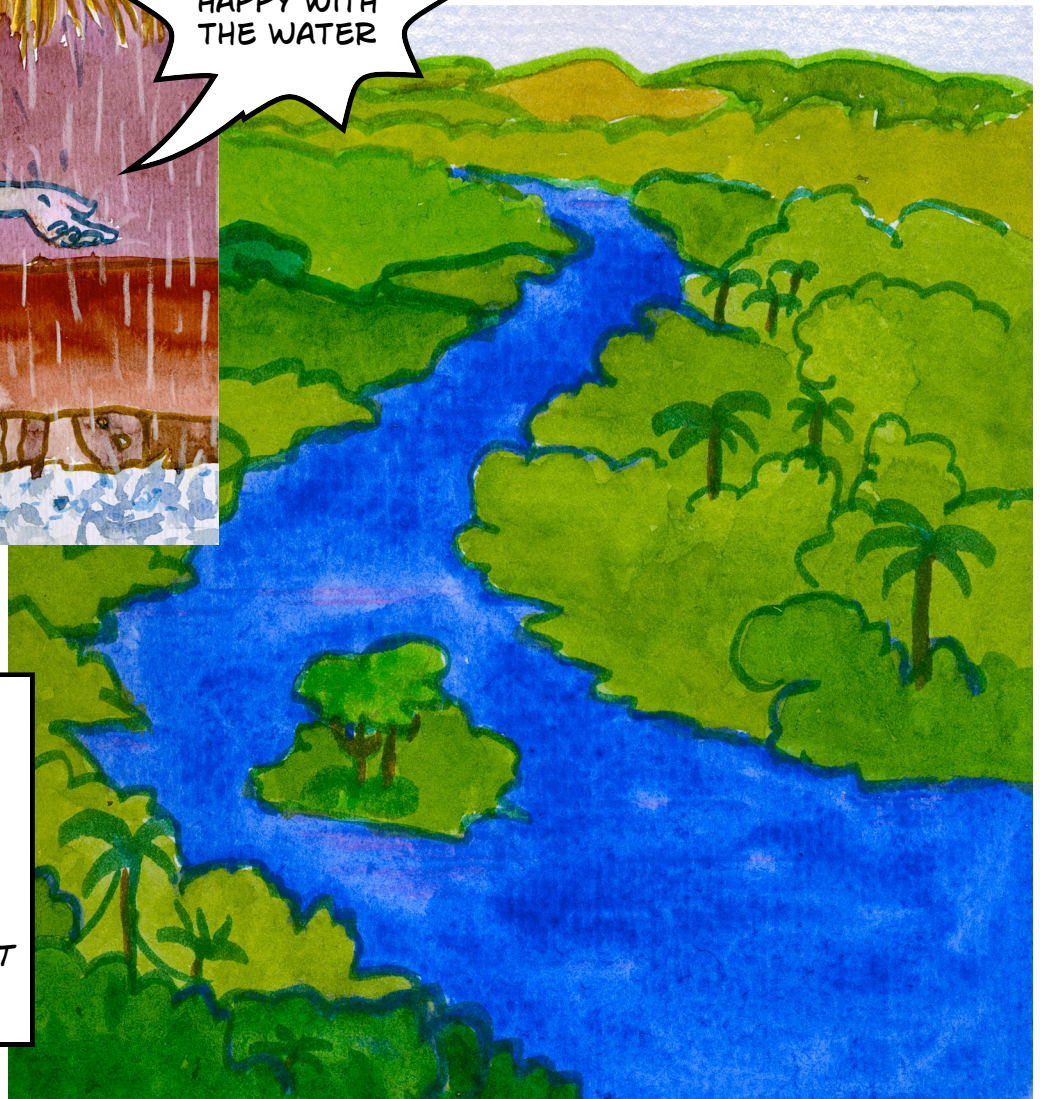

--I AM
HAPPY WITH
THE WATER

WATER IS ESSENTIAL -

WATER BRINGS LIFE INTO
EXISTENCE. RAINWATER
PRODUCES RIVERS, THE
RIVERS FEED PLANTS,
ANIMALS AND HUMANS.

NOBODY CAN LIVE WITHOUT
WATER. WATER IS LIFE!

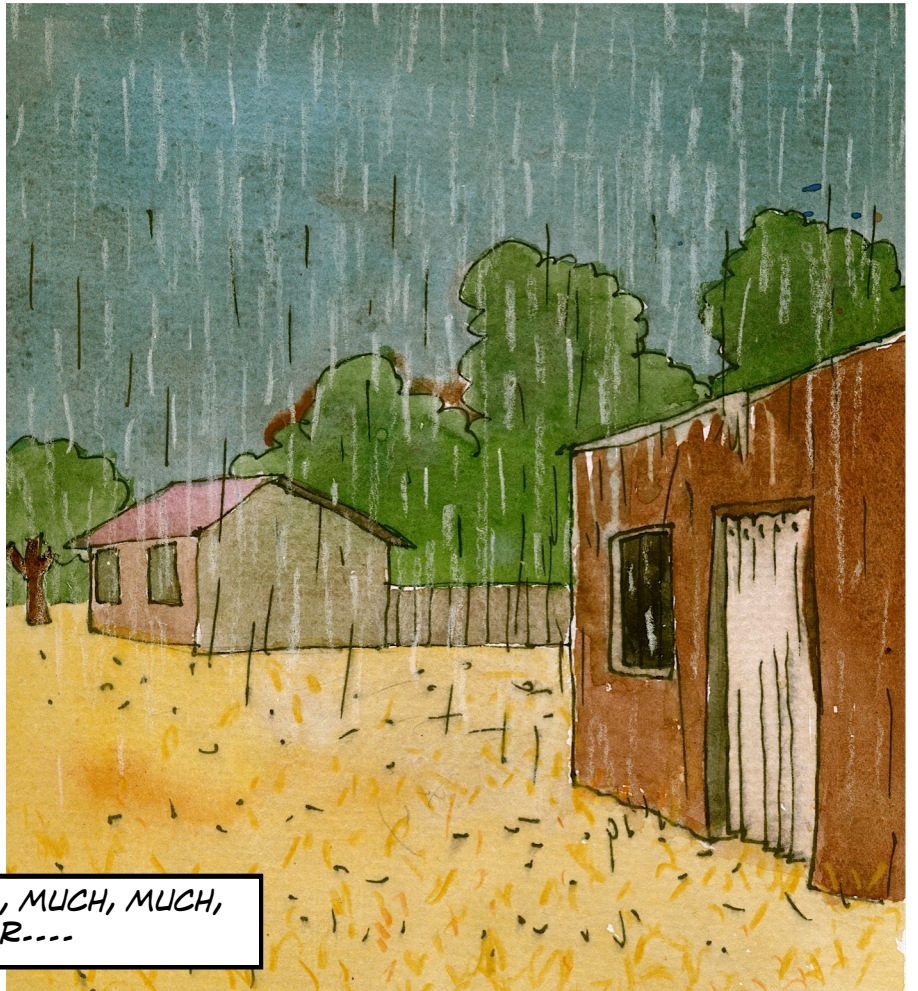

IN THE SCHOOL THE TEACHER TELLS ME MY BODY IS MOSTLY MADE OF WATER!
I NEED TO DRINK MUCH WATER TO LIVE!

THE ANIMALS NEED WATER TO LIVE!

WATER IS PRECIOUS!!

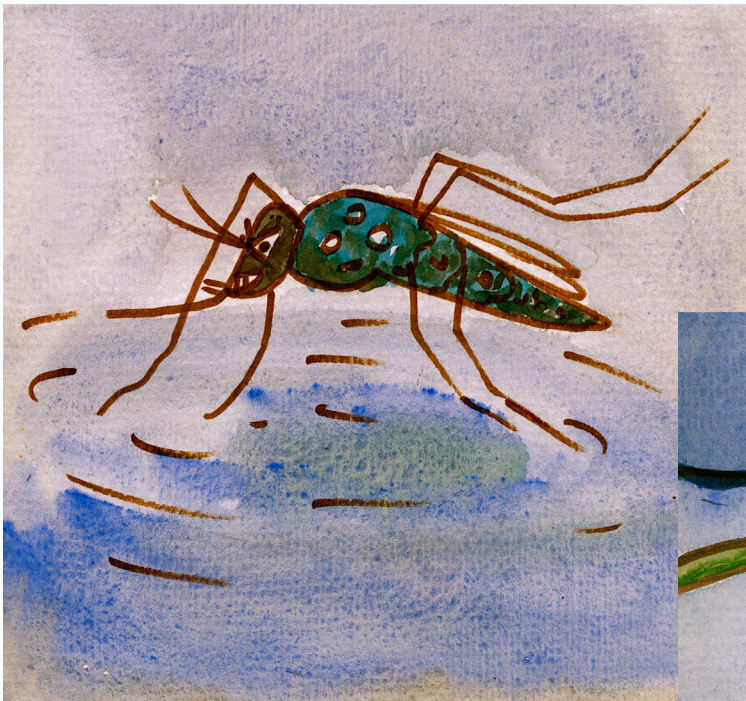

...BUT SOMETIMES, MUCH, MUCH, MUCH GOOD WATER....

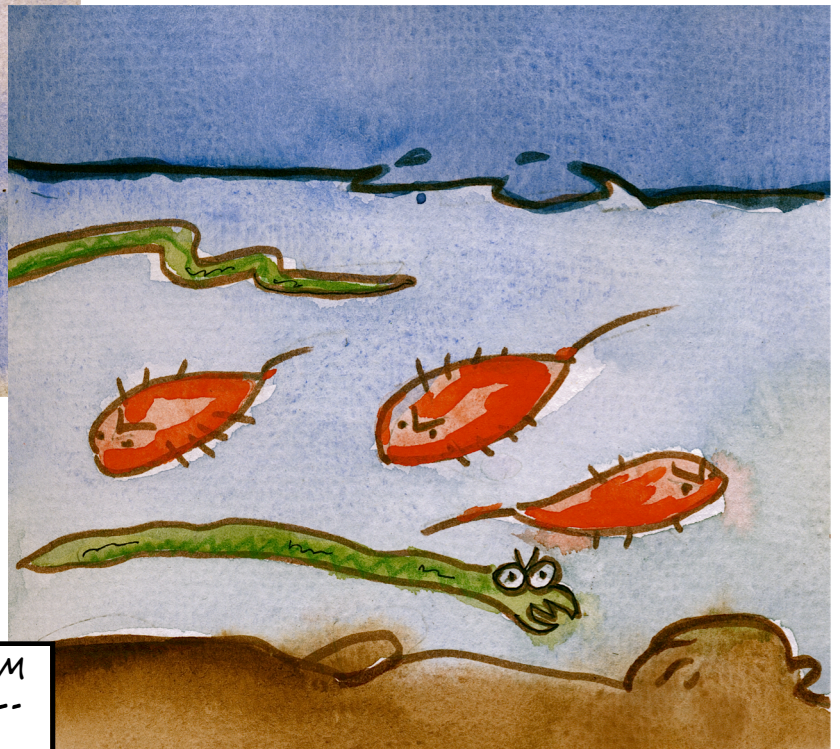

...CAN BE TOO MUCH!

THE WATER WE CANNOT TAKE
CARE OFF,
THE WATER THAT IS NOT KEPT
CLEAN
THE WATER THAT IS NOT
PROTECTED..

WILL BE USED BY OTHERS THAT
ALSO NEED WATER,
LIKE MOSQUITOS...

...AND OTHER SMALL ENEMIES FROM
US, LIKE BACTERIA AND PARASITES...

THIS WATER IS NO LONGER GOOD FOR US

--AND IF WE DRINK IT--

--WE CAN BECOME VERY, VERY ILL!

MANY PEOPLE DIE FROM DRINKING BAD WATER!

BUT IF RAINWATER IS GOOD FOR US

HOW DOES IT BECOME BAD FOR US?

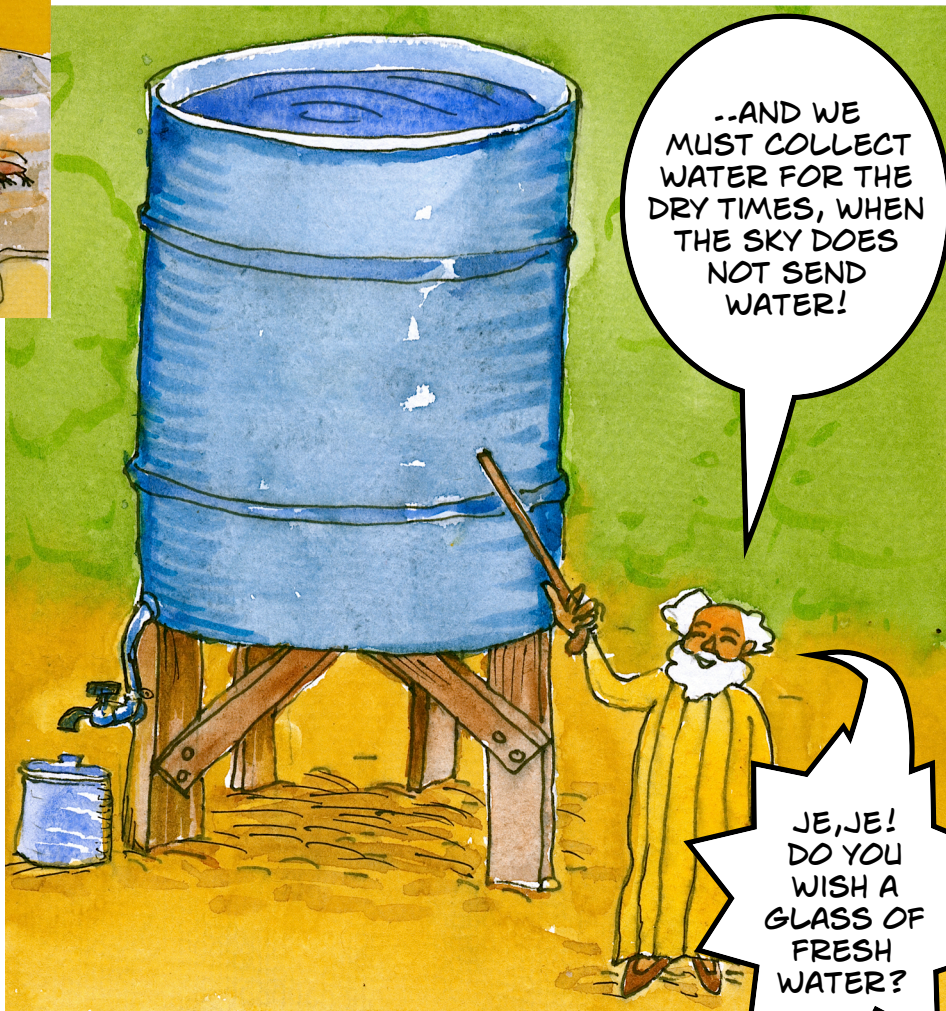

RAIN WATER IS A GIFT OF THE SKY.. AND WE MUST RESPECT IT

WE MUST PRESERVE FRESH WATER - LIKE WE DO IT WITH A PRECIOUS TREASURE

THE WATER WE DO NOT RESPECT WILL TURN AGAINST US, FULL OF OUR OWN SICKNESSES

..AND WE MUST COLLECT WATER FOR THE DRY TIMES, WHEN THE SKY DOES NOT SEND WATER!

JE,JE! DO YOU WISH A GLASS OF FRESH WATER?
